Dear Ms Warwick

Thank you very much indeed for sending the generous donation of **£191.00** to the Leukaemia Research Fund, raised from your recent boat gathering held at Holt Farm, Napton.

We really are very grateful indeed to you all for your efforts on our behalf. Our nation-wide research programme is aimed at finding causes and cures for leukaemia and the related diseases and looking at ways to improve existing treatments. We are also able to offer a full range of literature to individuals and health organisations, free of charge, as well as providing an information service from our head office in London. We are entirely dependent upon voluntary contributions and this tremendous support of our work is truly splendid, and enormously encouraging to us all.

I am enclosing a copy of our latest Newsletter, which outlines the latest research developments and fundraising initiatives. If we can provide any further information about the work that we do, please do not hesitate to contact me.

With best wishes.

Yours sincerely

Claire Wild
